

Craighouse: Areas of Proposed New- Build

Large "barracks"-style housing on green space around car park

Queens Craig and its summer house surrounded by houses and car parking

This photo shows how the site looks now. The next page shows the proposals map

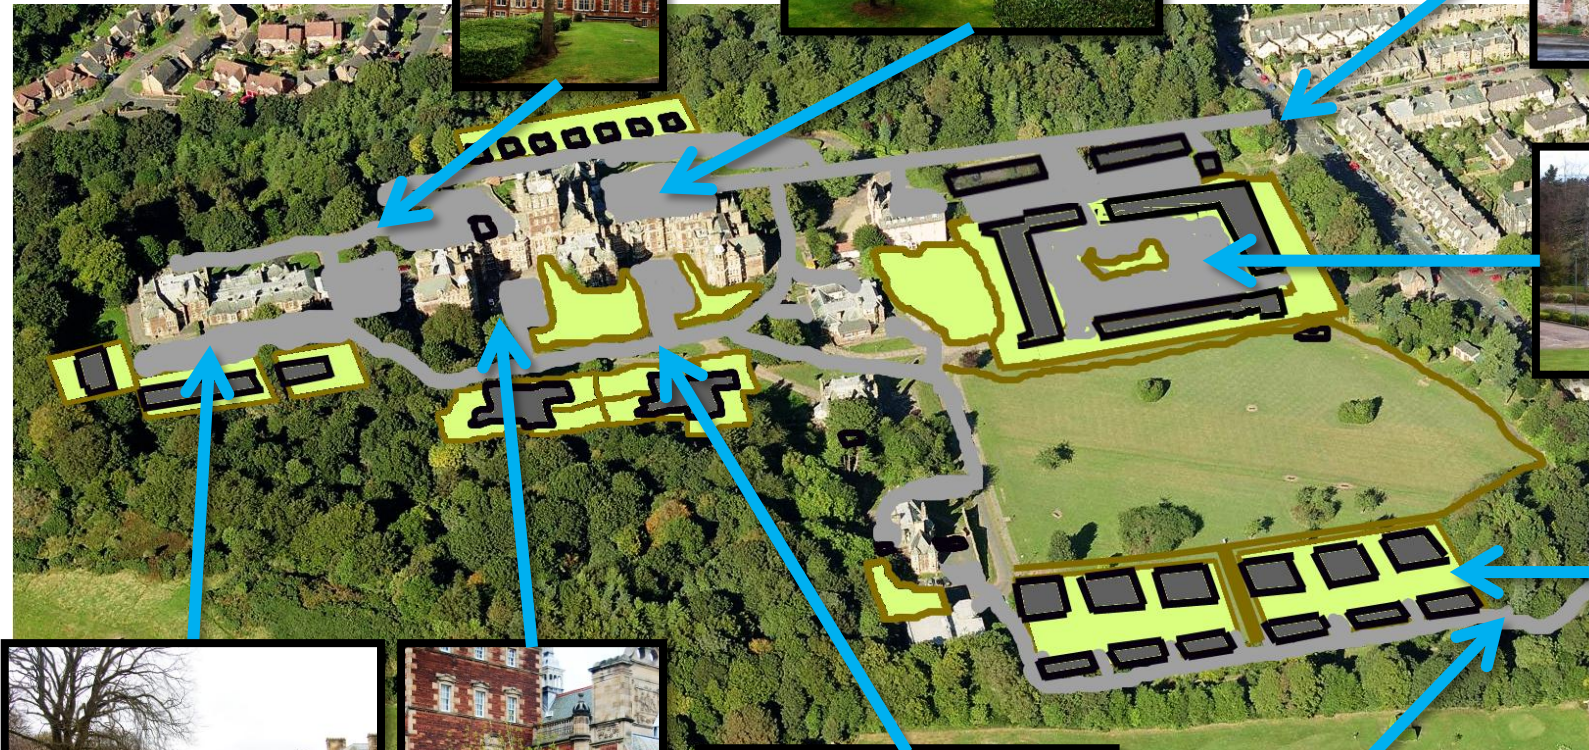

2 large blocks of flats to be built on the grass and in the woodland

4 storey houses, a row of mews houses, plus a road on the orchard

Craighouse: Areas of Proposed Roads and Car-parks

Car-park at entrance of New Craig to be extended over green space

New entrance through current wall

Existing car-park remains as a car-park, with buildings outside across green spaces

The light green areas are private gardens

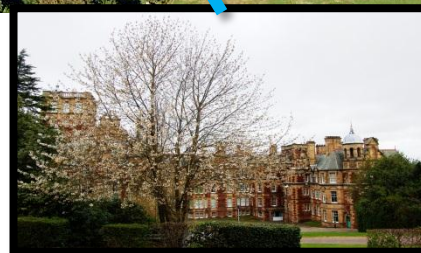

Existing Craiglea entrance to be widened for volume of traffic

Queen's Craig summerhouse to be surrounded by a car park

New road around site built through green spaces and car-parks surrounding New Craig

Road to be built on orchard
